"Kat reminds me of Anita O'Day — the kind of vocalist who has her eyes open and yet remains exquisitely relaxed in her lyric and the way in which she sings. She does these amazing things, while smiling, showing off her amazing range while looking like she is hardly working at all.

-Helga Davis, WNYC

"Remember the name because once you've seen her you'll never forget the face – beautiful, expressive, vibrant. Kat Gang is an extraordinary singer with a trained legit voice who can also belt!"

-Beatrice Williams-Rude

"What a joy it was to watch the audience at Iridium fall in love with Kat Gang! This stunning girl, a fine singer, took over the room from her first moment on stage. - Jan Wallman
